

Water Hang Gliding Flight

Allows:

A Tandem Water Hang Gliding Flight with a Certified Tandem Pilot; Altitude 500 feet-1000 feet

A friend may ride on boat to watch

Boat passengers: maximum 4 (2 flight participants and 2 accompanied friends on boat)

Time of Flight: 20 mins

Valid for two persons with Certified Tandem Pilot

Have you imagined making those childhoods flying dreams a reality!! Come soar like an eagle with our [Certified Water Hang Gliding Tandem Pilots and World Class Instructors](#). They are ready to give you the chance to esteem the magnificent and tremendous vistas, taking you on a Towed Tandem Hang Gliding Ride. Each of the sites you glide over will furnish you an ultimate and unique experience. You might find yourself gliding to altitude of over 1000 feet above the Lebanese Majestic Jounieh Bay and mountains in a controlled area. These [Water Hang Gliders](#) are [FALCON](#) serial, reserved to a secure rocket safety parachute; especially designed for clients, students and beginners' instruction. All Tandem Flights are towed to altitude by our Custom Designed Boat; it's a Special Boat for flying instruction with a unique auto pressure towing system. When the peak altitude is reached, you'll be released from the towing system and Gliding free.
